ELECTRICALS

ENERGIZING YOUR WORLD!

**STRIVE NOT TO BE A SUCCESS,  
BUT RATHER TO BE OF VALUE.**

- ALBERT EINSTEIN

Our motto towards growing our business is simple - supply good quality products to trusting clients ensuring our prices are competitive and our service is smooth.

Good customer service asks for

courtesy, empathy & patience, even in challenging situations. It is about building trust and rapport by consistently delivering high-quality service and demonstrating a genuine commitment to their satisfaction.

## Product Highlights

### Electrical

- Switches
- GI Conduits
- PVC Conduits

### Switchgear

- Detuned Reactors
- Cylindrical Capacitors
- Comb Busbars
- Insulated Lugs

### General

- Glands
- Lighting
- UPS
- Cable Sleeves

### Plumbing

- uPVC
- PPR
- Valves

---

# WIRING ACCESSORIES SWITCHES & SOCKETS

We offer an extensive collection of electrical switches from industry leaders MK and Schneider.

White

## MK Essentials

Matte Black

Titanium

Charcoal

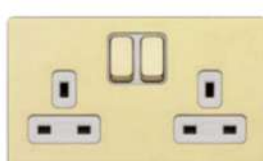

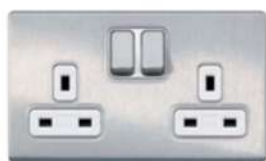

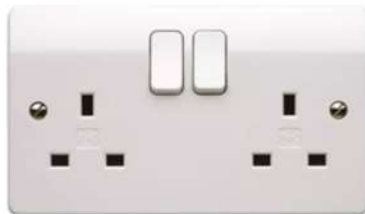

Champagne

Pearl

- Sw. Socket with Neon
- Front Plate
- Shaver Socket
- TV Outlet
- Push Switch
- Telephone Outlet
- Fused Connection
- Cooker Outlet

# PVC CONDUITS AND ACCESSORIES

PVC conduits and accessories offer a versatile and cost-effective solution for electrical wiring installations.

## PIPES - Rigid & Flexible Conduit

Lightweight yet durable, these conduits are designed to provide superior protection against moisture, dust, and mechanical damage.

Sizes from 20mm to 50mm.

## ACCESSORIES

- Terminal Box (& lids)
- Elbow Bends
- Coupling Socket
- Spacer Bar Saddles
- Female Adaptors with male bush

## Misc

- PVC Glue
- Bending Spring

---

# GI CONDUITS AND ACCESSORIES

Galvanized Iron (GI) conduits are the go-to choice for applications requiring stronger & more durable protection for electrical wiring.

## GI PIPES

Our GI conduit range is corrosion-resistant, making it ideal for use in outdoor, industrial, and high-moisture environments.

## ACCESSORIES

- Junction Box & Lid
- Saddle
- Coupler
- Elbow Bend
- Tee
- Plug

## Liquid Tight Flexible Conduits

Constructed with a smooth inner core and a rugged, corrugated outer layer, it offers excellent resistance to water, oils, and other harsh conditions, making it ideal for both indoor and outdoor applications.

---

## CABLES & ACCESSORIES

Cables constitute the pathway of electricity in a building. Cabling accessories connect, establish structure & safety to cable systems.

### Glands & Lugs

High quality glands & lugs made in India. Available in multiple types - pin, fork, ring, spade, etc.

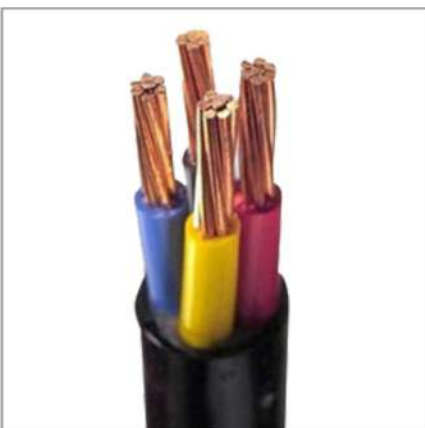

In different sizes and standard colors.

### Connector

Waterproof connectors made in India. Multi-pin options in different sizes & types.

- Industrial Plug & Sockets
- Boot lugs, Cord ends
- Terminal Blocks, Wire Connectors
- PG Glands (PVC)

### Cables

- Armored Cables
- Flexible Cables
- Wires

---

# UPVC PIPES AND FITTINGS

## Hepworth

uPVC pipes are a proven part of modern building and infrastructure for sewerage, underground drainage and road crossing duct application.

### Soil & Waste (Aboveground)

Manufactured in sizes from 32-400mm in light grey uPVC/PP/ABS.

Includes traps, push-fit waste systems, solvent weld systems, soil & vent systems and a full range of floor gullies.

### Drain & Sewerage (Underground)

Pipes are available with plain, solvent weld and integral push-fit joints. The range of products are manufactured according to BS EN 1401 Standards.

### Fabricated Components

Tailored to meet custom requirements while adhering to industry standards.

- Gully Traps
- Dry Manholes

---

# PLUMBING ACCESSORIES

Commonly used items in plumbing systems.

## Valves

- Angle Valves
- Stop Valves
- Ball Valves

PEGLER 

## Accessories

- Extension Nipples
- Brass Attachments
- Threaded Rods
- Rubber Washer & Bush
- Teflon Tape

---

# HARDWARE ITEMS

Basic items required with any type of construction or maintenance works.

## Nails & Screws

- Machine Screw - CSK Head
- GI Nails
- Nuts & Bolts
- Channel Screw
- Dry Wall Screw
- Self-drilling Screw

## HVAC Accessories

- Aluminum Glass Tape
- Aluminum Fiber Tape
- Canvas Cloth
- Foam Tape
- Foam Insulation

## Misc

- Wall Plugs (Fischer)
- Cotton Gloves
- Metal Grinding Disc
- Safety Harness
- PVC Tape

---

# HARMONIC FILTERS - REACTORS & CAPACITORS

Harmonic Filters are used for power factor correction, avoiding the negative effects of harmonic resonance.

## Detuned Reactors

Used to mitigate harmonic distortions in power systems. They provide inductive reactance which detunes the resonant frequency & prevents the amplification of unwanted harmonics.

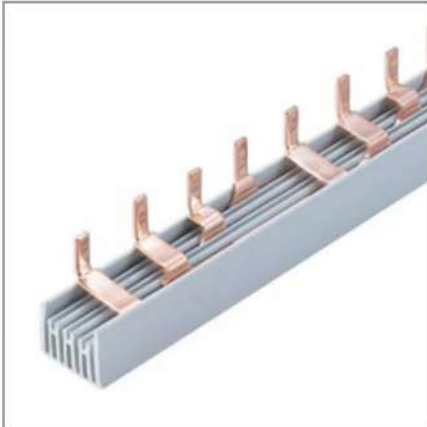

## Cylindrical Capacitors

Capacitors help improve the system's overall power factor & reduce voltage fluctuations. They provide capacitive reactance creating a filter that selectively absorbs and dissipates harmonic currents.

---

# SWITCHGEAR ACCESSORIES

Supplementary components designed to enhance the functionality, safety, and reliability of electrical switchgear systems.

## Comb Busbars

Made of 100% copper.  
Available as Fork (U) type & Pin type.  
From 1 pole to 4 poles.

## Insulated Lugs

Made of 100% copper.  
Available in multiple types - pin, fork, ring, spade, etc.  
In different sizes and standard colors.

## Neutral Links & Earth Bars

Neutral Links available in 7 way & 13 way.  
1 meter earth link bar.
